1 Take the two strips of pink cardstock and score every 4 inches. Accordion fold at each score. Attach both strips of folded cardstock together by gluing a small tab on the back side of the cardstock. Trace the egg album template on folded cardstock and cut out on lines.

2 Trace album template on the two pieces of cardstock and cut out on lines. Adhere the two chipboard pieces to the front and back sections of cardstock.

3 Trace the egg template on various pieces of "For Peep's

Sake" paper and glue to each section of the accordion album. Trace the grass template on green side of "Drapin' Daisies" paper. Cut out six times. Glue grass to the bottom of each cardstock section overlapping the egg cut outs.

4 Tuck photos behind the grass on each page. Decorate the pages of the album with "For Peep's Sake" embellishments. Put rub-ons at the bottom of each page on the grass. Place flowers, ribbons, brads and chipboard flowers around the photos.
